

Down the River I Go

(Traditional American Fiddle Tune)

Come along boys and go with me, as fast as I can go
Carry me back to Tennessee, it's down the river I go

Down the river I go Uncle Joe, down the river I go
Down the river I go Uncle Joe, down the river I go

Horse and buggy carry you around, down the river I go
Little bare feet never touch the ground, it's down the river I go

Down the river I go Uncle Joe, down the river I go
Down the river I go Uncle Joe, down the river I go

If I had thread and needle, fine as I could sew
I'd sew a pretty girl to my side and down the river I'd go

Down the river I go Uncle Joe, down the river I go
Down the river I go Uncle Joe, down the river I go

Sixteen miles away from home, chickens crow for days
If you are a married man you best be gettin' away

Down the river I go Uncle Joe, down the river I go
Down the river I go Uncle Joe, down the river I go

Come along boys and go with me, as fast as I can go
Carry me back to Tennessee, it's down the river I go

Down the river I go Uncle Joe, down the river I go
Down the river I go Uncle Joe, down the river I go
